April 17	80	58	..
April 18	84	58	..

Forecast for Tonight and Tomorrow: Unsettled tonight and Sunday; probably showers central and south portions; fair tonight and Sunday.

New novels at The Murray Company. 4-17-3t

Mr. W. J. Crosby of Citra was in town today.

Mr. N. I. Gottlieb is home for a visit to his family.

Messrs. Ed. L. Wartmann and R. A. Ivey of Citra were in town today.

Fresh bread, cakes and pies every day; delivered to any part of the city. Helms' Bakery. 12-31-tf

Mr. E. A. Stapp left this afternoon for a week-end visit to relatives at Oxford.

Dr. W. K. Lane—Specialist, Eye, Ear, Nose and Throat. Office Law Library Building, Ocala.—Adv.

The Royal Typewriter gives satisfaction and saves money. See it at The Murray Company. 4-17-3t

Mr. Alex Odom, well known attorney, of Palatka, was transacting legal business in the city today.

Today Mr. E. C. Smith exhumed the body of Prof. Tuck, who died twelve years ago and was buried in the yard of his home. The remains were re-interred in Greenwood annex cemetery.

Messrs. L. M. Perry, P. P. Huff, Earl Sumner and J. Cannon, students of the Palatka Business College, motored to Ocala yesterday for a visit to the new Ocala Business College. The party returned to Palatka this afternoon.

The pictures last night at the Air-dome were fine, and the vaudeville by Sears and Cothron was greatly enjoyed by two big crowds. The amateurs were very amusing. Master J. J. McCraney, Jr., won the first prize of \$3 and Master Emerson Sapp won the second prize of \$2.

Mr. A. P. Stuckey was in the city today. Mr. Stuckey, like many of the other naval stores operators, has planted a fine crop this year, more than 200 acres on his location near Oak, and says he has never seen finer cukes, cantaloupes and water-melons.

TOMATOES WILL SOON BE RIPE

Marion county's great tomato crop will soon be moving forward to the waiting yankee mouths of the north, and, believe us, they are going to pay for them.

Messrs. J. E. T. Gaskins & Sons of Shady brought into the Munroe & Chambliss Bank this afternoon a cluster of tomatoes with eight on it. The largest measured 2 3-8 inches across by the rule, laid on by Mr. Chambliss while the Star man held the tomatoes. These gentlemen have 15 acres of this fruit and say most of the bushes are well filled.

Mr. H. H. Whitworth, of the Hiawatha Lake Stock Farm, among other fine vegetable tracts has a big field of tomatoes that he thinks the finest in the land. Last Wednesday night a Star reporter met him coming in from the farm. He looked all around, saw there was no one near, surreptitiously pulled a tomato out of his inside coat pocket, which was then as big as a walnut, and by now must have been as big as the one mentioned above had it remained on the vine.

Mr. A. R. Griffin of Anthony, an extensive farmer of that thrifty section, was in the city today and is feeling good over the fine crops in his community.

As late as the season is, Marion county orange growers are still hauling wagon loads of oranges to the city to peddle out to consumers. The fruit is fine, juicy and sweet.

Ballardvale Ginger Ale, extra dry, two for 25 cents or \$1.25 per dozen. For sale only at the Rexall stores. 3-27-tf

Mr. T. L. Williams of the Williston bank and Mr. E. A. Osborne of Morriston were in town today.

A great help in building strength in hot weather is Rexall Celery and Iron Tonic. Tones nerves and stomach. Price \$1 for 128 doses. Gerig's Drug Stores. 4-7-tf

Mr. Henry Gordon, in town on a visit to his family, says the work on the Lake Weir road will be finished in two weeks. The Star regrets to learn that Mr. Gordon has resigned his position as county road overseer, his resignation to take place at the next meeting of the commissioners. Mr. Gordon is a very efficient worker, and has built many miles of good road for the county.

J. E. Stevens of Crystal River, announces in this issue that he is a candidate for re-election as a member of the Florida House of Representatives.—Inverness Chronicle.

Mr. Stevens is a son of that good citizen, Mr. John W. Stevens, of Fort McCoy, and has the good wishes of his Marion county friends in his candidacy.

Judge W. A. Hocker will not be a candidate for re-election as a member of the state supreme court. No reasons are given for his voluntary retirement, which will be generally regretted, as he has made one of the best members of that tribunal.—Gainesville Sun.

Major L. T. Izlar, who has seen the fiercest part of a much greater war than we are likely to have with Mexico, says he believes in making Huerta salute the flag, but doesn't believe in giving any salute in return. The Star is inclined to think the major expresses a great national opinion.

Mr. W. D. Gamble, of Wildwood, has bought a new 1914 model, five passenger Cadillac, from the agents Messrs. Knight & Lang.

Chas. E. Stewart, colored, who has delivered the mail in the third and fourth wards for a number of years, has had to resign his position on account of ill health. He is now in Tampa under the care of a specialist.

Clary McCants, aged 93, died at her home at Montague early yesterday morning and was buried today at Fort King church. This old woman was one of the well known McCants family of Montague, who lived there for more than half a century. She was one of the oldest women in the county, and until a few days ago was quite active, and had been visiting her daughter, Julia Brown, in Ocala for some time.

Violet Duice Vanishing Cream will help to whiten your skin and clear it from impurities. Contains no oil. Will not grow hair. Sold at the Rexall stores. 4-7-tf

GOOD HEADWAY MADE ON HIGH SCHOOL BUILDING

Notwithstanding the fact that the work has been held up for the past week, on account of delay in receiving structural steel, the contractors, Messrs F. W. Long & Co., are making good headway on the new high school building.

A Star man went over the work this week, with Mr. J. H. Eames, the superintendent of construction, who represents the county and the architects, and was agreeably surprised to see how far the work has progressed. The brick walls have been completed to the level of the second floor sills, the basement, in other words. This basement or first story is a full story, with ceilings 9' or 10 feet in the clear. The work is certainly being done in a solid, substantial manner and only the best of material is being used. The building will be 75 feet wide and 156 feet long, three full stories in height and there will be almost thirty large rooms, besides many smaller ones, halls, alcoves and passage ways. The building, Mr. Eames said, is both larger and better than any single school building in Jacksonville, and there will be no better constructed school building in the south.

The building will be all complete well before the opening of school in the fall. There is plenty of brick, sand lime and crushed stone on the ground, as well as lumber, and when the steel comes the work will be rushed again.

ASKS FOR AN EXPLANATION

Why buy electric power when the atmosphere is full of it and can be taken from the air with such little expense?

I see that the city council, through the chairman of the light and water committee, is inviting bids to furnish the city with electric power delivered at switchboard, city plant. This is certainly very interesting if not astonishing to the people and taxpayers of Ocala; advertise for bids to furnish electric power, when the city owns a plant and machinery, and has been producing it at a profit. Will the council explain why it is necessary to ask for bids? J. M. Meffert.

Ballardvale Ginger Ale, a wholesome beverage, delightful and refreshing. Buy it by the dozen at Gerig's, "A Good Drug Store." 27-tf

There are more cucumbers growing in Marion county than there ever was before at any one time. Williston and Center Hill have nothing on Marion any more in the cucumber line.

More English peas and better ones have been grown in this county the present season than ever before.

Coleman, in Sumter county, has become famous the state over, for its cabbage crop. McIntosh and Boardman, in Marion county, alone have grown more cabbage this season than Coleman.

Mr. Fred Hocker was a visitor to Inverness yesterday, attending to legal business.

Mr. J. T. Hutchins of Romeo, with his little daughter Miss Lilla, were in town today and made this office a pleasant call. Mr. Hutchins is a candidate for county commissioner from the second commissioner's district.
